Old Business

-Sign at Main & Corona –

Was up for funding for the "Your Project Your Neighborhood" but the current City Council voted all park projects down-which this project fell under. Trying to get funding for it a different way.

New Business

-PFAR Email

-Lindsay reported that there was a email address listed on our facebook page, someone reached out via FB messenger saying they email us with no response. Lindsay wasn't aware that we even had one, and she took the address down from FB page since no one wants to "manage" and maintain the email account. Eric & Cynthia have access to it.

-Project for the Arkansas River

Big Book display on trail-Carla

-Friends of the Library will donate the books needed for the project (it takes more than one copy of the same book to make project happen). Location, maybe by the Main St. Trailhead? Carla is still working on funding, checking with maybe the Rotary Club.
